

**LOCK DOWN SALES THIS WINTER WITH STERLING**

As the nights draw in it is time to remind customers to lock up for the winter. With ranges including padlocks, hasps & staples, and security cables and chains, Sterling have the products to suit every winter sales situation.

***Weatherproof Padlock***

The award-winning 49mm weatherproof padlock is ideal for shed or garage security in the winter months. With a coloured thermoplastic jacket over a laminated steel core and a protective keyhole cover, the weatherproof padlock is both tough and striking.

***Hasps & Staples***

For added protection, it can be teamed with the galvanised Sterling hasp and staple. With a hardened steel staple and hardened hinge pin, this corrosion-resistant combination is the perfect partner to padlocks.

***Link & Lock***

Winter means wanting to know that valuable kit is locked away safely. This includes everything, from bikes to BBQs, which will stay in the shed till spring. Give

customers peace of mind with Link & Lock. This range of tough steel cables can be looped through equipment and padlocked, or locked down to a sturdy ground anchor for added security.

With striking display options, clam packs and distinctive packaging, Sterling makes selling locks and padlocks simple. With quality products at great value prices, Sterling easily encourages regular sales. And with 10-year guarantees and comprehensive pack guidance, Sterling helps bring customers back, again and again. For more information on the Sterling range, call 0113 250 3603 or visit [www.sterlinglocks.com](http://www.sterlinglocks.com)
