

Sterling's New Sash Jammer Set for Spring Sales

Press Releases

With Spring around the corner, more and more people are starting to think about opening up the house and getting out into the garden. Which means that now is the time for retailers to remind customers to think about simple security ideas that can make all the difference.

The latest product from Sterling is a **Sash Jammer**. Perfect for providing extra security, sash jammers are designed to ensure uPVC windows and doors are firmly secured from the inside.

The Sterling sash jammer is lockable for maximum security, and is suitable for all uPVC windows and doors, including French doors. Easy to fit, it is offered together with screws and fixings for DIY sales, as well as being available in a standard packet for trade sales.

The Sterling sash jammer comes in both white and brown and the deluxe model is supplied with all necessary fixings. For internal window and door furniture, also remind customers about Sterling's **uPVC Window Handles**. The window handles are a direct replacement for all uPVC windows and the universal spindle has simple ridges which makes it easier than ever to cut to length. Quick to fit, these are ideal for the DIY market. All Sterling uPVC products come with the Sterling 10 Year guarantee.

All Sterling products are designed to offer high quality at great value prices making it easier for retailers to maximise on sales. For more information, or to find out how Sterling can help your business, call 0113 250 3603 or visit www.sterlinglocks.com
