

Sterling SafeCan to the Rescue

Press Release

When you're off to university for the first time, it's all too easy to forget about things like security! Getting to know new friends and finding your way around, it can be tough to keep track of things like keys, cards and cash. Unfortunately, thieves know this too, which is why students are one of their biggest target areas. The combination of lots of new faces and shared accommodation mean that security can be lax at the best of times. But now it's easy to make sure nothing goes astray, with some clever help from Sterling.

The Sterling **SafeCan** is the best way to hide in plain sight. Genuine replica cans made under licence, a SafeCan is almost impossible to tell apart from the real thing. Meaning it's the sort of thing a casual thief will overlook. Perfect for any small valuables, whether it's jewellery cash, cards or documents, or anything else you want to hide from prying eyes!

The SafeCan range includes books food tins, books, candles and even a rock! There has never been an easier or quicker way to stash something safely. Like all Sterling products, the SafeCan offers high quality and exceptional value. For more information on SafeCan or Sterling's other security ranges, why not visit www.sterlinglocks.com or call 0113 250 3603

ENDS

Top Tip: SafeCan labels are identical to the real ones, so they blend in perfectly. There are two SafeCans in the picture above - which one did you spot?
