

# STERLING VALUE SECURITY AT TOTALLY SECURE

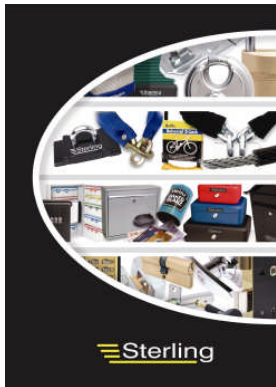

Press Release

Long dark nights means it is time to remind customers to make sure their house is in order where security is concerned. Locksmiths know that safeguarding a house begins with having tough, dependable locks on points of entry. So now is the time to tell customers about **Sterling's New British Standard Door Locks** to get those extra sales.

Sterling's BS locks meet the latest revised standard – BS3621:2007 – which means they are insurance-approved and ideal as front line defence. With a 20mm anti-drill bolt throw, anti-drill plates on both sides of the lock case and anti-pick curtains, Sterling's BS Locks are designed to make any potential burglar think again. Both deadlocks and sashlocks are available in 2½" and 3". They are similar dimensions to others in then market which also makes them perfect for the direct replacement market. And like all Sterling products they offer top quality at great value prices.

## New Catalogue!

Sterling has now brought out its **all-new catalogue** for 2009. Full-colour, with an easy-to-use format, it contains all the information you need to select the right Sterling products simply and swiftly.

The entire Sterling range is featured together with detailed drawings, pictures and all the technical data. Product specs are right there on the page and the lines are broken down into easy-to-find sections to make ordering as easy and as quick as possible.

For more information on Sterling products or the Sterling catalogue, call 0113 250 3606 or visit [www.sterlinglocks.com](http://www.sterlinglocks.com)
